### HARDING IN ALL DAY CONFERENCE WITH COOLIDGE

Decide on Issues for  
the Coming  
Campaign

#### STATEMENT GIVEN OUT

WASHINGTON, June 30.—Sen-  
ator Harding will base his cam-  
paign "on an appeal to restore  
party government as a constitu-  
tional substitute for personal  
government."

He announced this today after  
a conference with Governor  
Coolidge and Chairman Hays.  
Governor Coolidge defined the  
nation's most pressing need as a  
"return of public opinion toward  
a self control by the people; to-  
ward a great and over mastering  
desire to observe the law."

It was the first meeting be-  
tween the nominees since the con-  
vention. Governor Coolidge left  
tonight for Boston, he will have  
a short vacation before his noti-  
fication, July 27. Senator Hard-  
ing today praised Governor Cool-  
idge whose counsel, he said, the  
country needed. The vice presi-  
dent, he said should be more than  
a "mere substitute in waiting"

should play a big part in main-  
taining friendly relations between  
the executive and the senate.  
While phases of the campaign  
were discussed at the conference,  
Chairman Hays said the conduct-  
ing of a "front porch" campaign  
was not mentioned. Senator  
Harding, however, to newspaper-  
men expressed the opinion that  
while there might be some differ-  
ence of opinion as to such a cam-  
paign he believed the country was  
calling for "deliberate utterance"  
and that for that reason the "front  
porch" campaign proposition ap-  
pealed to him. He added that  
plans were tentative.

Senator Harding's statement  
said:  
"Governor Coolidge breakfasted  
with me this morning and we have  
agreed that we will base the cam-  
paign on an appeal to restore  
party government as a constitu-  
tional substitute for personal gov-  
ernment."

The governor and I have each  
served as lieutenant governor in  
our states and both have learned  
from experience how possible it  
is for a second official in a state  
to be a helpful part in a party  
administration. I think the vice  
president should be more than a  
mere substitute in waiting. In re-  
establishing co-ordination between  
the executive office and the senate,  
ought to play a big part, and I  
have been telling Governor Cool-  
idge how much I wish him to be  
not only a participant in the cam-  
paign, but how much I wish him  
to be a helpful part of a Republi-  
can administration. The country  
needs counsel and the coming par-  
ticipation in the government by  
such men as Governor Coolidge."

Governor Coolidge's statement  
follows:  
"I am here to co-operate with  
my associates. We have many  
problems ahead. Many men have  
remedies. The best remedy is the  
observance of the constitution and  
the laws, not their enforcement,  
mind you. I am not now  
speaking of that. Of course, the  
government will enforce the laws.  
That is far from enough. There  
must be a return of public opin-  
ion toward a self-control by the  
people, toward a great and over-  
mastering desire to observe the  
law. When that is done the other  
problems will fall away, there  
will be peace, prosperity and pro-  
gress."

Sheer exhaustion apparently  
finally closed the wholly sponta-  
neous scene.

Cheer McAdoo's Name  
The delegates had hardly set-  
tled into their seats when Dr.  
Jenkins in his brief speech placed  
Mr. McAdoo in nomination.

For a fourth time pandemon-  
ium broke loose. Cheers and  
shouts swept up and down. Dele-  
gates were on their feet again  
surging out for another parade.  
Western men and women led a  
railing party of McAdoo adher-  
ents, charged the speaker's stand  
and carried it by storm. The tu-  
mult grew until the hall fairly  
belged with the sound.

Convention Convenes at 11.30.  
Just before 11.30 o'clock the  
Democratic national convention  
came to order for a day of nomi-  
nating speeches and demonstra-  
tion.

At 11.30 o'clock Chairman  
Robinson called for nominations  
and directed the secretary to call  
the roll of states.  
The name of Senator Owen was  
the first to be placed before the  
convention.

Passed and Arizona  
passed and D. Hay-  
for Palmer and Muskegon took  
the name of A. Mitchell

After the first nominating orat-  
ors were heard and the names of  
Senator Owen, former ambassador  
Gerard and Senator Hitchcock  
placed on the ballot amid libera-  
tion, the name of A. Mitchell

### BITTER FIGHT BEING WAGED OVER PLATFORM

Committee in Session  
All Night Hear-  
ing Report

#### WORK BEHIND CLOSED DOORS

SAN FRANCISCO, June 30.—  
Long and bitter platform fight to-  
night confronted the resolutions  
committee when it assembled at  
7.30 o'clock to take up the tenta-  
tive draft of the sub-committee of  
nine headed by Senator Glass of  
Virginia, chairman. The full com-  
mittee was prepared to sit well  
into the night in the hope of re-  
porting the platform to the con-  
vention tomorrow afternoon and  
having final action taken in time  
for balloting on candidates Fri-  
day.

The platform battle was con-  
fined to three subjects—prohibi-  
tion, the league of nations and  
the Irish question. Vigorous  
warfare on this trinity in the com-  
mittee and probably the conven-  
tion faced the Democratic leaders.  
On the other numerous planks  
little difficulty was in prospect.

The sub-committee while the  
full committee was in recess  
worked at top speed all day to  
finish its tentative draft for the  
entire committee's consideration  
tonight. Finally in order to save  
time and realizing that the is-  
sues would have to be fought out  
by the whole committee the sub-  
committee decided to pass along  
the three principal problems, with  
only a tentative agreement on the  
proposed planks.

The Liquor Issue.  
In the liquor fight indications  
tonight as the fighting forces as-  
sembled, were for exclusion of  
any pronounced wet declaration  
and incorporation of some pro-  
nouncement sustaining the 18th  
amendment.

Administration forces were re-  
ported endeavoring to build a sit-  
uation where an administration  
platform would rally a majority.  
Administration leaders declared the  
plank would be regarded as  
"slightly moist" thru a clause  
criticizing vexatious and uneces-  
sary restrictions of personal lib-  
erty in prohibition enforcement  
coupled with approval of Presi-  
dent Wilson's veto of the Volstead  
law.

William Jennings Bryan and  
other dries went into tonight's  
meeting, however, girded for a  
battle and were in a square-toed  
prohibition mandate.

A strong movement to keep all  
mention of the liquor question  
from the platform was also on  
foot.

Another pitched battle impend-  
ed on the league of nations. The  
sub-committee except Senator  
Walsh of Montana was reported  
solid for the administration plank  
presented by Senator Glass em-  
bodying virtually the Virginia  
platform's declaration for ratifi-  
cation without destructive reser-  
vations.

Colby Leads Fight.  
Secretary Colby was picked to  
carry the administration's guidon  
in the committee fight with Mr.  
Bryan and Senator Walsh of  
Montana, Walsh of Massachusetts  
and Pomeroy of Ohio, the shock  
troops of the opposition.

The Montana senator stood out in  
the sub-committee for approval of  
reservations consistent with hon-  
or and good faith of the United  
States and to advise cooperation  
with Republican senators friend-  
ly to the treaty with a view to  
early ratification. Senator Walsh  
of Massachusetts tonight made  
a stinging attack on Colby, com-  
mending the president for his ef-  
forts for the league, desiring "ratifi-  
cation \* \* \* without nullifying  
changes, but for reservations  
making clearer or more specific  
the duty of the United States and  
denouncing any movement to  
make it a partisan issue."

Senator Pomeroy also had be-  
fore the full committee a plank  
urging ratification without im-  
pairing reservations but hamon-  
izing of differences on reserva-  
tions as "a solemn duty—to the  
country and humanity."

Senators who voted for the  
Lodge reservations also were de-  
manding that their action be re-  
pudiated.

The Irish question was another  
militant proposition. Prominent  
leaders said the plank fostered by  
Frank P. Walsh and Eamon de  
Valera for recognition of the  
"Irish Republic" had virtually no  
chance, but widespread influences  
were working to secure some ade-  
quate and generally satisfactory  
expression of sympathy with Irish  
aspirations.

Foreign Relations.  
Among important planks placed  
in the tentative platform by the  
sub-committee were those deal-  
ing with foreign relations.

## MOVEMENT ON FOOT TO PREVENT SELECTION BY CONVENTION OF M'ADOO

#### DR. JENKINS PLACES NAME OF WM. M'ADOO BEFORE CONVENTION

Presentation Speech Made  
by Missouri Minister in  
Few Words

Auditorium, San Francisco,  
June 30.—Dr. Burrus Jenkins of  
Missouri, who was to have placed  
William G. McAdoo in nomination  
for the presidency at the Demo-  
cratic national convention took  
the platform at 5.30 o'clock and  
the McAdoo demonstration start-  
ed on the floor.

Jenkins told the convention he  
had intended to make a nominat-  
ing speech for McAdoo, "but on  
account of persistent and insis-  
tent requests from him that his  
name be not presented in a speech  
I have decided not to do so."

"I am sure that from the spirit  
manifested in my delegation and  
in this convention that we shall  
draft him for the service of the  
country," he said.  
"We know that if so drafted he  
will accept the nomination," said  
Jenkins, "and any rumors of tele-  
grams supposed to have been re-  
ceived denying that he would ac-  
cept the nomination are false-  
hoods perpetrated by the enemies  
of our party. I therefore place  
in nomination William G. Mc-  
Adoo."

No Word From McAdoo.  
Huntington, L. I., June 30.—A  
reporter reached the McAdoo  
home shortly after word came  
that he had been the subject of a  
demonstration at San Francisco.  
A watchman admitted the report-  
er to the grounds. A maid an-  
swered the knock and after persua-  
sion consented to take La note to  
McAdoo's room, asking:  
"Will you accept the nomina-  
tion?"

She returned saying the family  
were asleep.  
Employees at the house said  
from what they could observe Mr.  
McAdoo had received no informa-  
tion from the convention hall  
when he retired shortly after  
10.30 and that he did not know  
his name had been placed before  
the convention.

#### CONFESSES SETTING FIRE IN FIVE HOTELS

BOSTON, June 30.—James  
Hoboe of Clifton, N. J., a desert-  
er from the navy today confessed  
that he set fire in five hotels  
here within the past week, ac-  
cording to a statement from po-  
lice headquarters. The police  
said he probably would be sent  
to a psychopathic hospital for  
observation, because of his ex-  
planation that he had "wheels in  
his head."

Aside from the alarm caused  
to guests and the damage to  
property the succession of fires,  
coming night after night, had  
aroused a great anxiety among  
hotel managers and extra precau-  
tions had been taken to guard  
against visits from the incendi-  
ary.

#### HELD SUGAR FOR HIGHER PRICES

Havana, June 30.—Cuban  
cane growers, sugar mill owners  
and brokers claiming to control  
the sale of 2,189,000 sacks of  
unsold sugar, were on record to-  
day as definitely pledged not to  
offer any more sugar for sale  
until the price had reached 24  
cents a pound, the level reached  
during the last half of May.

This decision was reached at a  
mass meeting held last night.

BLANCETT MUST HANG  
Santa Fe, N. M., June 30.—  
Gov. Larrarazo today decided  
against the plea of Elbert W.  
Blancett for clemency and Blan-  
cett will be hanged on July 9th.

Blancett shot and killed Clyde  
Armour of Sioux City, Iowa, in  
Santa Fe county in the fall of  
1916.

SIGNATURES THE SAME.  
Chicago, June 30.—David N.  
Carvalho, New York handwriting  
expert, identified the signatures  
on the alleged second will of  
James B. King, millionaire lum-  
ber man, as genuine, in a de-  
claration read to the court today.

SUGAR DROPS  
San Francisco, June 30.—All  
sugar allotments placed on sale  
today were quoted at \$22.75 a  
hundred weight, refiners price, a  
drop of 25 cents.

New YORK, June 30.—The  
stock exchange will be closed Sat-  
urday, Sunday and Monday over  
the Fourth of July. It was an-  
nounced today.

#### ANTI-ADMINISTRATION FORCES WANT CLARK

Old Line Democratic Party Leaders Trying  
to Form Combination With Bryan Forces  
to Select Former Speaker—Conferences  
Begin Immediately After Adjournment

SAN FRANCISCO, June 30.—(By The Associated  
Press.)—Seemingly in agreement that William G. McAdoo  
has the inside track on the Democratic presidential nomi-  
nation tonight, attempts were being made within the in-  
ner-circle of old line Democratic party leaders to prevent  
his selection by the convention. The plan includes prom-  
inent consideration of Champ Clark, former speaker of  
the house of representatives as a candidate.

It was understood efforts were being made to get in  
touch with Mr. Clark to learn if he would accept the nomi-  
nation if tendered and that among those whom the com-  
bination would hope to enlist in its support is W. J. Bryan,  
who encompassed the defeat of Clark at Baltimore in 1912  
after a majority had voted for him, and forced the nomi-  
nation of Woodrow Wilson.

Bryan's acknowledged veto  
power over any candidate thru  
the operation of the rule which  
requires two-thirds of the dele-  
gates for a nomination made his  
support to the plan a factor  
sought by its managers. Confer-  
ences among the old line leaders  
were going on actively immedi-  
ately after today's session of the  
convention and they made it plain  
in their private expression that  
they were going to any possible  
lengths to beat McAdoo.

Those forwarding the plan were  
using as one argument for Clark  
as the strongest man to put up  
against McAdoo, that the party  
really owed a nomination to the  
former speaker in payment for its  
action in Baltimore when it de-  
prived him of the prize after re-  
peatedly having given him a ma-  
jority—something which never  
had been done before in the party's  
history.

McAdoo opponents went into  
action without delay after the  
demonstration given him by the  
convention. The further state-  
ment to the convention that Mc-  
Adoo would accept if nominated  
provided a further shock to the  
old line party leaders.

They professed imperative need  
for prompt and forceful action if  
his nomination were to be pre-  
vented. The first concern of those  
opposed to McAdoo was to hold  
the Palmer and Cox lines long  
enough to find a candidate to  
whom they could swing a two-  
thirds vote, before there were any  
threatened defections to McAdoo,  
which it was feared would start  
him toward nomination.

To strengthen their program,  
inside leaders hit on a plan to  
take Governor Smith of New York  
as a running mate for the candi-

#### WHOLESALE MILK PRICES INCREASE

Elgin, Ill., June 30.—Whole-  
sale milk will cost 45 cents a  
hundred pounds more in July  
than it has in June. An agree-  
ment has been reached between  
buyers and the Co-Operative  
Marketing Co., the selling agency  
of more than 1,000 dairymen in  
Northern Illinois, Northern In-  
diana and Southern Wisconsin for  
the sale of July milk at \$3.20 a  
hundred. The June price has  
been \$2.75. Retail milk will be  
advanced one cent a quart in El-  
gin tomorrow as a result of the  
wholesale increase.

#### REDUCE ACTIVITIES IN RECRUITING

Washington, June 30.—Fol-  
lowing complaints that recruiting  
activities of the army and navy  
were tending to still further in-  
crease the existing shortage of  
farm labor, Secretary Baker to-  
day announced that steps had  
been taken to reduce to a mini-  
mum recruiting work in rural  
communities.

#### MANY MARRY IN CHICAGO

Chicago, June 30.—The trade  
New York City, June 30.—The  
unionist "who buys diamond  
rings and silk shirts" compose the  
new class of men marrying in  
Chicago, the county clerk said  
today commenting on the total Omah  
of 5,534 marriage licenses issued  
in June, only exceeded by June  
of 1919.

#### PROTESTS AGAINST BURLESON RULING

WASHINGTON, June 30.—Rep-  
resentative Lehlbach, Republican  
of New Jersey, in a letter to  
President Wilson today protest-  
ed against Postmaster General  
Burleson's ruling that all postal  
employees who have reached the  
age of 70 years, must retire un-  
der the civil service retirement  
act.

Mr. Lehlbach was one of the  
authors of the act. Ma Burleson,  
the New Jersey representative  
declared was the only department  
head to rule that retirement for  
age was compulsory.

Evidently the spirit of Roger Sullivan marches on. A political reviewer in a current magazine refers to Mr. Sullivan as co-operating with Charles Murphy and Tom Taggart in directing the affairs of the San Francisco convention.

If you do not think that labor is scarce and that there is a job available for every man who wants to work, just take a tour among the park benches and try to employ a man for the harvest field.

The Elwell case which the New York police promised to solve so speedily is still a mystery. It usually happens that in criminal cases where police and detectives are ready with newspaper interviews about their theories and with promises for the early de-

tection of the criminal, that the mystery remains unsolved.

The record in a suit filed the other day shows that the value of whiskey has advanced 1300 per cent in the last three years. This tremendous advance more than offsets the losses that the liquor interests have sustained thru the alleged "confiscation" of property thru the prohibition amendment.

The speed mania is so difficult to control in Chicago that one member of the city council advocates a law for the confiscation of cars to be applied when drivers continually break traffic laws. With the increase in the number of automobiles in both city and country areas, it is absolutely necessary to control traffic, no matter what the means adopted.

Senator James Reed of Missouri is excluded as a delegate to the national Democratic convention. He met this fate because he dared oppose the president and month after month upon the senate floor attacked the administration's league program. A fine example of democracy! Barred from participation in party convention because he dared to voice views differing from those of the "master mind!"

Mr. Bryan is making the fight of his life at San Francisco against tremendous odds. It is noteworthy that he is making headway and that while the platform as adopted may not include all that the Nebraskan wished, it will certainly show his influence.

A well known local Republican yesterday referred to Mr. Bryan as "The most wonderful man in America." So he is, if you take into account the way he has of turning defeats into victory and if you remember that he has lived in advance of his time—a prophet advocating measure after measure which the country called radical and strange but twenty years later adopted by the people.

The convention at San Francisco will promise anything and everything in its platform in the effort to get votes, and the promises will be worth precisely as much as the past promises to lower the cost of living and the promise held out to the American people in 1916 in the slogan, "He kept us out of war."

**ART AND GAS**  
On noble books, immortal tomes, I'd like to make my bids—the works of men whose bulging domes wore Number Fourteen lids; I had no schooling in my youth, and now I'd like to store my mind with chunks of pregnant truth, set down by seers of yore; such trenchant words would surely please my starving mind, I ween; but how can man buy books like these, and still buy gasoline? I'd like to buy some works of art to hang upon my wall, some masterpieces to impart a lustre to the hall; where'er such works of art you find, in farms without a crack, you know there is a cultured mind, somewhere around the shack. To own the works of art is kings, my panting soul aspires but how can one buy Rembrandt things, and still buy rubber tires? For all the finer things I yearn, and yearn for them in vain; for all the money I can earn is spent on my old wain.

## CHIROPRACTIC UNDER FIRE

Those who accepted disease and suffering as a natural part of life's experience, laughed and scoffed when Chiropractic first launched the idea that ill health was unnatural and the direct result of spinal pressure on the nerves, which shut off the life forces of the body. And they ridiculed the idea that by simple Chiropractic spinal adjustments, without drugs or knife, this pressure could be relieved, the cause of disease corrected and normal conditions, health restored.

But in the face of it all, Chiropractic has advanced because it has proved it is right. Thousands who formerly suffered are now enjoying health through it.

CHIEF HUNT FILES  
SEMI ANNUAL REPORT

Gives Figures Showing Loss by Fire for First Six Months of Year—Also Files Report for June.

Samuel Hunt, chief of the fire department, has filed his semi-annual report with the city clerk. The report shows the total fire loss for the past six months and the expense for upkeep of the motor apparatus.

During the six months the department responded to 97 calls. The total value of property involved was \$409,550. The total amount of insurance carried was \$182,800.

The total loss from fire was \$20,713 and the total insurance loss \$16,358. The major portion of this loss was due to frozen water main during the cold weather in January and not thru any fault of the department.

One hundred and ten gallons of gasoline was used by the department during the six months and this practically included all the expense for upkeep. At the present price charged for horse shoeing, Chief Hunt figures the cost of keeping one horse shod would pay for the gasoline used.

The department used 17 three gallon tanks of chemical and 18 forty gallon tanks. A total of 10,300 feet of hose was laid and 17 feet of ladders used.

The chief also reports the total number of calls responded to for the month of June. Five calls were answered. The date, location and nature of calls is given hereunder:

REVENUE OFFICE IS  
NOW LOCATED HERE

Quarters Secured in Scott Block and Placed in Charge of Deputy Collector S. J. Tompkins.

Beginning today Uncle Sam's Internal Revenue Office in the Scott Block, West State street, will be open during business hours for the purpose of serving the people of Jacksonville and vicinity in every way pertaining to revenue matters. The establishment of the office at this time is brought about thru the efforts of Collector John L. Pickering, in taking up the needs of this community with the revenue department at Washington.

Deputy Collector Samuel J. Tompkins is in charge of the office. A stenographer has been appointed to assist him, and she will also be qualified as a stamp deputy. The name of this new appointee could not be learned for announcement at this time, but it is expected that she will arrive in Jacksonville and begin her duties today.

The stamp office, which has been located in the Ayers National Bank for many years, and has recently been in charge of John J. Kelly, with Wilbert J. Hauck as assistant, has been moved to the new quarters. There will be on sale the various denominations of documentary and proprietary stamps as well as the cigar and tobacco stamps required by the numerous factories in and about Jacksonville.

Deputy Collector Tompkins will be in his office at stated times, and also by appointment. However, he will retain his present territory over which he has supervision regarding income tax matters. He will, of necessity, be away from Jacksonville a portion of the time but, during such time, it is expected that the stamp deputy will be qualified to take care of all ordinary matters and arrange appointments for Mr. Tompkins on special cases.

The lessons of the Scott Block have placed the room, now occupied by the government, in first class condition for use as a revenue office. Unfortunately the complete new set of furniture, which has been ordered, will not arrive for some time on account of shipping conditions. However temporary arrangements have been made until such time as the new equipment is available.

It is to be hoped the people of Jacksonville and surrounding territory will appreciate the extent to which a great need has been met thru the efforts of Collector Pickering, and avail themselves of the opportunity of securing needed information regarding revenue laws and regulations.

Will Give Receipts for Each Package Received—Messengers Will Receipt for Packages in the Same Manner Registered Mail is Carried.

Beginning today the American Express company will give a receipt for each individual package received for delivery, and duplicate receipts will be made each time the package changes hands, as is done in the post office department with registered mail. The new method will probably slow up, the delivery to some extent but it will make the delivery certain and in the case of loss or theft the responsibility can be placed. The company has had losses totaling over a million dollars per month due to loss and theft and the company officials believe that the increased cost of handling the packages and making out receipts will be more than offset by the saving of claims.

Under this plan merchants cannot arrive at the last moment and throw packages on the train, telling the messenger to throw it off at a certain stop, they will have to take time to get the receipts for each individual pack-

age before the company will assume the responsibility for them.

## STRIKE AT WHITE HALL PLANT IS SETTLED

Employees of Sewer Pipe & Stone-ware Company Receive Increase in Wages and Return to Work—C. & A. Restores Passenger Service—Other News Notes.

White Hall, June 30. — The strike at the works of the White Hall Sewer Pipe & Stoneware Co. has been settled on a basis of 2 1/2 cents per hour increase, and the plant will be in full operation Thursday, July 1. Some of the men who are most favorable to holding out for the demanded 10 cents increase are agreeable to the settlement on account of the unlikeliness of method of carrying the strike into effect without giving the company adequate notice to ferret out an adjustment without losing time and closing down the works. The strike has been in effect three weeks, and involved 250 men.

A new angle to the local labor situation is the formation of a union, and a permanent organization is to be effected next Wednesday night. Two meetings have already been held with Milo Dean as temporary president, and at a meeting Monday night the membership was increased to 107. C. & A. Restores Passenger Service.

Towns along this division of the C. & A. will receive with a sigh of satisfaction the announcement that the C. & A. will be back on its former passenger schedule next Sunday with three trains each way. The new schedule as it affects White Hall makes no change in the time of the Jacksonville train. The next train for St. Louis is No. 15 at 12:09 p. m., fourteen minutes later than at present, with which connects at Roodhouse the Mexico plug from the west. The evening train to be restored is No. 33, which will pass White Hall at 5:38 p. m. This train comes from Jacksonville and receives Kansas City connection at Roodhouse. The first train north bound out of St. Louis reaches White Hall at 11:35 a. m. and runs to Jacksonville, making connection at Roodhouse with a local train for Kansas City. The next train north is No. 14 at 1:25 p. m. for Bloomington, connecting with the Mexico plug at Roodhouse. The accommodation for Jacksonville will henceforth pass White Hall at 3:26 p. m., making connection at Roodhouse with the local train for Kansas City.

There is slight change in the Hummer runs between Chicago and Kansas City. No. 9 will leave Roodhouse at 12:15 a. m. and arrive at Kansas City at 7:55 a. m. No. 10 leaves Kansas City at 6:55 p. m. and arrives at Roodhouse 1:10 a. m., reaching Chicago about 8 a. m.

All trains run daily except the plug between Roodhouse and Mexico.

**White Hall Notes.**  
Fourth of July services are being planned at the churches next Sunday. The Methodist church is making quite elaborate preparations for a patriotic program that is to extend thru the Sunday school and morning service hour. A supply minister is expected at the Christian church soon, but will not reach here likely for next Sunday. The regular pastor will be engaged in chautauqua work until the close of August. Rev. Arthur F. Evert, of the Presbyterian church, was in Quincy last Sunday. The First Baptist congregation is busy on various affairs in order to get an early start on the elaborate improvements.  
Rev. L. C. Bauer and singer, Jennings Clark, departed Monday for Cobden, Ill., where they will

be engaged in meetings for the next few weeks. They have spent a very enjoyable two weeks at home.

The tent meetings by the Seventh Day Adventists continue to hold interest. The services are in charge of Evangelists J. D. Reavis and H. O. Butler of Springfield. One of the leaders states that there is no intention at present of organizing its forces for the erection of a church building here.

E. C. Boehm is down from Peoria this week.  
Mr. and Mrs. H. A. McCauley had a family reunion at the Stocks hotel Sunday, including all their children and grandchildren, except one grand son of Chicago. The party included Mr. and Mrs. H. A. McCauley and Mrs. Estelle M. Coldiran of Chicago, Mr. and Mrs. W. J. Peske and Mr. and Mrs. J. C. McCauley of Winchester.
